## TOWN MANAGER'S REPORT

---

To the Board of Selectmen and the Citizens of Corinth:

The following report of the financial details and municipal activities of the fiscal year ending January 31, 1971 is herewith submitted for your information and consideration.

As we begin our new fiscal year the financial position of the Town remains good. In 1970, for the first time, we were able to invest cash on hand in Certificates of Deposit and earn interest rather than borrowing to operate the Town as has been necessary in the past.

This year the Town is going to have nearly a 40% increase in our school assessment. We have endeavored to hold the non-school budget on par with 1970 in order to minimize the tax increase as much as possible. Local government officials in the State are attempting to find alternate methods of funding the ever increasing cost of education. This must be done as the property tax has reached a point where it can no longer continue to be sole source of local appropriations.

We have had preliminary plans drawn for the proposed new Town Office and they will be presented at the annual Town Meeting for your consideration. One only needs to spend a winter in our present office to know that a new office is needed. Had the Town not been so fortunate in having the Abner F. Morison Trust Fund for projects such as this we would be unable to even contemplate a new office. I'm sure you can imagine the impression a visitor gets of the Town of Corinth when I have to direct them to the Esso Station to use the rest room.

The cost of the new tomb far exceeded the estimated cost.

An itemized listing of the cost to date is included in this report.

The Mapping Program is nearly complete and will soon be available at the Town Office to assist anyone in locating parcels of land or boundaries.

The following part of the report details the financial activities of the past year and the proposed activities for the coming year.

I wish to thank the Town Officers and Citizens of the Town of Corinth for the support and cooperation given me this past year.

Respectfully submitted,

KEITH D. PATTERSON

Town Manager

## IMPORTANT

---

All taxpayers should read the following requirements and comply with them.

Title 36, Chapter 105, Sect. 706, Revised Statutes of Maine, 1964.

Before making an assessment, the assessors shall give seasonable notice in writing to all persons liable to taxation in the municipality to furnish to the assessors true and perfect lists of their polls and all their estates, not by law exempt from taxation, of which they were possessed on the first day of April of the same year.

The notice to residents may be given by posting notifications in some public place in the municipality or in such other way as the municipality directs.

The notice to non-resident owners may be by mail directed to the last known address of the taxpayer or by any other method that provides reasonable notice to the taxpayer.

If any person after such notice does not furnish such list, he is thereby barred of his right to make application to the assessors or the county commissioners for any abatement of his taxes, unless he furnishes such list with his application and satisfies them that he was unable to furnish it at the time appointed.

The assessors or any of them may require the person furnishing the list to make oath to its truth, which oath any of them may administer, and any of them may require him to answer in writing all proper inquiries as to the nature, situation and value of his property liable to be taxed in the state; and a refusal or neglect to answer such inquiries and

subscribe the same bars an appeal to the county commissioners, but such list and answers shall not be conclusive upon the assessors.

### DOGS REQUIRING LICENSE

Owners or keepers of dogs six months old, must procure a license annually, before Jan. 1st. Any person becoming the owner or keeper of a dog after the first day of Jan., not duly licensed as herein required shall within ten days after he becomes the owner or keeper of said dog, cause said dog to be described and licensed. Make an effort to license your dogs early. Owner must also present a rabies vaccination certificate which has been obtained within two years.

### BUILDING PERMITS

Anyone contemplating construction or the locating of a mobile home in Corinth should get a building permit at the Town Office.

### AUDITOR'S REPORT

A partial Auditor's report for 1969-1970 is in the back of this report and a complete report for 1970-1971 will be on file in the Town Office as soon as received from the Auditor.

## FIRE CHIEF'S REPORT

---

This past year we answered 16 fire calls and 57 ambulance calls. This is a decrease of one in fire calls but represents an increase of 19 ambulance calls. Most of the fire calls were of a minor nature, with the exception of the fire at Arthur Whalen's, which destroyed the new home he was building, plus most all of the family's personal possessions.

As most of you probably know, the ambulance service in the State has been in a turmoil since the 104th legislature passed a bill requiring that all ambulance services be licensed as well as all attendants, and regulates the type and quantity of equipment that must be carried. The extra equipment we needed wasn't much of a problem. But to get volunteers to become trained attendants is not so easy. However, when it became known that unless we had licensed attendants, we would be forced to stop the ambulance service that we have all come to expect and want, I had 17 volunteers both men and women sign up for the first aid course. We all had to put in 26 hours of Standard and Advanced Red Cross First Aid. I feel that this group deserves a vote of thanks from all citizens of town. It's a wonderful feeling to have this group available when a loved one has been injured or is sick. My wife and I can attest to this, and would like to take this opportunity to thank the Corinth Vol. Fire Department, and all the many people who were so kind and helpful to us, when Gregory was hurt.

Our greatest need right now, is some new hose. Our budget just about covers our fixed cost, such as heat, lights, insurance, red phones and general maintenance.

During the summer we held many training sessions, especially on operating the new pumper. The members enjoy this and it helps keep morale good.

The Corinth Firemen's Benefit Association purchased a

64 Chevy van, to replace the white panel truck we have been using as a utility vehicle. This was with the proceeds received from our share of the Old Home Day activities.

Again this year, I have enjoyed the support and cooperation of all the members of the department, also the full cooperation of the Town Manager and the Selectmen. Want to thank Mr. Irving Caverly, Maine Forest Ranger also. He is always ready to help with equipment or anything we need.

Respectfully submitted,

NORMAN I. BUSWELL, Chief  
Corinth Vol. Fire Dept.

## FIRE WARDEN'S REPORT

---

To the Citizens of Corinth:

Your Town Warden issued (82) Eighty-two fire permits this year and sent duplicates to State Forest Commissioner in Augusta.

Also, answered and checked out the fire calls received from High-cut Tower and Medford Town and reported findings to each.

Respectfully submitted,

DWIGHT W. BRAGDON  
Town Fire Warden

## LIBRARIAN'S REPORT OF ATKINS MEMORIAL LIBRARY

It has been a quiet year in the library this year as far as book circulation is concerned. Although during the school year the circulation of Juvenile books was up to average, if not above. We are in hopes now that our own High School is open that we will see some of the High School coming to our library.

There have been several gifts of good books donated to the library by Mrs. Louise Wilson and Mrs. Wilda Dow. Also a large collection of books was given again to our library this year by Mrs. Dwight Smith of New York. This is the third year that she has donated books to our library. She is the lady who was watching our town meeting televised several years ago and hearing my report read decided it would be nice to share some of her books with us. A letter of thanks has been sent to her for the generous donation of books.

Another gift to the library was given by Mrs. Geneva Dinsmore. It was excerpts taken from the diary from Joseph Wheeler, one of her ancestors. These papers contained much historical data in and around the West Corinth area. This gift will be kept in the library and should be of interest, especially to some of the older citizens.

A fine gift was given to our library by the R.C.A. Record Co. This is a pictorial biography of the late President John F. Kennedy and two records telling of important events in his life by members of his family and friends.

Many interesting books have been purchased this year, both fiction and non-fiction. To name a few: one that should be interesting to men is a book on "Tools and How to use Them" and not to neglect the ladies I put in a nice

"Cook Book" and for our teen-agers a book on "The Proper Etiquette on Wedding Preparations". Then of course interesting biographies, historical and science books, and good adult and juvenile fiction. An important item purchased for our library this year was a set of 1970 People's Encyclopedia, our other set was somewhat outdated.

At our September meeting, my assistant, Mrs. Alfred Skolfield, and I passed in our resignations. I stayed on in the library until November to help my successor, Mrs. Eleanor Duran.

I do want to thank all of the officers of the Library Association for their cooperation and help during the years that I have been librarian, and I know that they will give the same help and cooperation to my successor, Mrs. Eleanor Duran.

Respectfully submitted,

MRS. EDNA SMITH

Ex-librarian

I wish to add to this report that the State Library has given 50 children's books to the library and these are ready to be used. Mrs. Sue Hill is my very able assistant and we hope to serve the public as faithfully as those who have cared for the library before us. Just be patient with us while we learn more about what is available and just where to look for it.

Respectfully submitted,

MRS. ELEANOR DURAN

Librarian

## PLAYGROUND REPORT

---

The playground opened June 15 this year and remained open for nine weeks. The average daily attendance was about 50 children, but many afternoons recorded over 60 children. It was a remarkably good summer as far as the weather was concerned, with only one day of rain.

The children enjoyed another summer of fun and crafts. A baseball game was organized almost every day with 20-25 participating. Crafts were made every Thursday afternoon which ranged from the ever popular finger painting to making psychedelic pictures out of various shapes and sizes of construction paper. They planted radish seeds in containers and were amazed at how rapidly they grew.

A softball team for girls ages 9-16 was organized this year. Twenty-two girls participated. Each one played during every practice and game. We played only two very close games with Kenduskeag, and were defeated both times (11-8) and (12-7). Despite the losses, the girls learned many of the basic rules and plays of the game. They showed a great deal of sportsmanship. Because of the fact that other surrounding towns were unable to organize teams, we were only able to play the two games. It is hoped that next year's supervisor will contact the area schools before June, so all the towns will have an opportunity to compete in an effective program.

Special events for the year included a game competition week in which the children tried their skills at marbles, ball throwing, jumping, running, and hole digging. The winner of each activity was given a certificate. Other events included a hobo hike with visits to the new school and Merchants National Bank. At the bank the children were invited inside and shown the offices and equipment. Each

child received a free pen and registered for a television raffle. After a brief tour of the new school, we returned and had a treat of cookies and kool-aid. On the last day of summer playground, a cookout was held at the playground.

Again this year the Lions Club contributed money to purchase more equipment and craft materials. There is now a fairly adequate supply of craft materials which should be supplemented each year.

I spent a very enjoyable summer working with the children and hope the attendance continues to increase in the years to come. The playground is truly an asset to the Town and every child should have the opportunity to play there. The playground is open to all age groups of children so I hope you will show your continued support toward this worthwhile program.

## LITTLE LEAGUE REPORT

Summer 1970

We held our first practice on May 19, with 64 boys signing up, including 8 year olds. Due to the lack of facilities and interest on the part of some boys, it was necessary to cut the team back to 32 boys, the majority being the 8 year olds.

A new league was formed and was called the Central Penobscot Youth League with the following towns participating: Bradford, Charleston, Corinna, Corinth, Exeter and Garland.

We played a total of 11 league games, winning 8 and losing 3. On July 4, an all-star game was played with arm patches being awarded to all boys.

Double elimination was used in the championship play-off. Having lost 2 games to Garland and 1 to Corinna during the regular season, the boys knew it would take extra effort and teamwork to go through the play-off without being eliminated. After being assured that the final game would be televised, they were more determined to win. With this in mind, they defeated Exeter, Corinna, Bradford and then Garland twice to win the league play-off. Individual trophies were awarded to all the boys during a banquet sponsored by the league and held in Garland.

Our record was as follows:

### Regular Season

Corinth 17	Charleston 0
Corinth 25	Exeter 10

It was a very interesting and rewarding season working with these boys and helping to show them that a team working together can accomplish a goal with sportsmanship and teamwork.

Many interesting things happened during the season, such as home runs, double plays, grand slam, no-hit pitching and a triple play.

We want to thank all the parents for their support of the team, away as well as during home games. We also want to thank the American Legion and the Merchants National Bank for their financial help.

The boys, Kenny and I want to thank Al Worcester for making it possible for the final game to be televised, which should have been a reward in itself for the boys.

A special thank you should go to Don Strout and the representatives of the towns in getting a league organized, and to the umpires, Roger Chesley and Beaver Wilson.

The town should have nothing but praise for these boys who played hard to earn the title, Central Penobscot League Champs.

## MAINE DEPARTMENT OF HEALTH AND WELFARE DIVISION OF PUBLIC HEALTH NURSING, BUREAU OF HEALTH

### Annual Report of Public Health Nursing Service in Corinth in the year 1970

Public health nursing service included community health activities and direct nursing care to members of 17 families. The nurse completed forty-four visits to these families for the purpose of support to adopt practices that will promote good health. Your nurse encouraged continuous medical supervision by a family physician or clinic, when needed.

Sixteen home care visits were made to children and the nurse carried out those parts of the doctor's recommendations that required nursing care. Table 1 presents the number of visits by the type of case.

TABLE 1

Type of Case	No. of Visits
Congenital Heart Disease	8
Orthopedic defect	8
Retardation	5
Eye defect	4
Health promotion	3
Other illnesses	16
Total	<hr/> 44

Your nurse, cooperating with the Health Officer, planned and managed a Rubella Project clinic for children in the age group 1-12 years. In April, she organized an area clinic

for immunization and two other towns participated. Twenty-five children were given vaccine by the physician. Table 2 presents the kind of immunization and the number of children immunized.

TABLE 2

Type of Immunization	Number of Children Immunized
Rubella (German measles)	157
Diphtheria	16
Tetanus	16
Whooping cough	11
Polio (oral vaccine used)	12

Your nurse gave service to the schools. Included were periodic visits to school personnel and home visits to children known or suspected to have health problems. The nurse tested 271 children with a puretone audiometer. Sixteen children showed some apparent hearing loss.

The nurse tested twenty-five children's vision with the Snelten Eye chart. The children were referred by teachers. Fourteen were found to have an apparent eye defect. Parents were notified of the problems and the nurse visited the parents to assist them to obtain medical supervision.

The nurse tested 105 children and twenty-five teachers with tuberculin (in October). All were reported negative.

The assistance from the Health Officer and teachers was gratefully appreciated.

## PLANNING BOARD

---

The Planning Board has held 12 regular and 2 special meetings since issuance of last years town report.

Mr. Ryan of the Sewall Co. in Old Town met with us on Feb. 10, 1970 to discuss sewerage and water. He feels that the cost would be prohibitive unless we reduced length of pipeline to service a smaller area than originally proposed.

The Planning Board still feels that a new municipal office is much needed. We have viewed four lots in village area. Plans for the building will be on display at your annual Town Meeting and a choice of two lots.

No action has been taken on a zoning ordinance so far, as the law states that the Town must first have a comprehensive plan. This is in the process of being prepared and should be submitted for approval in the near future. The Board feels that there is a definite need for zoning as soon as we can complete the necessary preliminaries. The assistance of the Penobscot Valley Regional Planning District and affiliated organizations have been most helpful and much appreciated. Chairman Delwin Blackwell, Town Manager Keith D. Patterson and Selectman Donald Elliott have attended most of the regular district meetings.

On Feb. 1, 1971 the Board met with the Town Selectmen and Mr. Richard Douglas, trust officer of Merchants National Bank and Mr. Larry Homsted, Mgr. of local branch of Merchants National Bank to review the terms of the Morison Trust Fund. In the opinion of Mr. Douglas the present town hall could not be remodeled to enlarge the present municipal office from the Morison fund, since the building is not entirely town property.

The Board met with the Lions Club members to discuss the playground area. The Planning Board recommends your acceptance of Article

# AUDITOR'S REPORT

---

August 4, 1970

To the Board of Selectmen and Inhabitants  
Town of Corinth, Maine

In accordance with your request, we have made an examination of the accounts and records of the Town of Corinth for the year ended January 31, 1970 and of the account balances at that date.

We have reviewed the accounting procedures and, without making a detailed audit, have examined by test and analysis the records and supporting material. Our examination was made in accordance with generally accepted auditing standards and included all procedures necessary in the circumstances.

Based upon our examination, we are of the opinion that the accompanying balance sheet and related exhibits and schedules fairly present the financial condition of the Town of Corinth at January 31, 1970 and the results of operations for the year ended that date, in conformity with accepted municipal accounting principles applied on a basis consistent with that of preceeding years.

The complete audit report will be on file at the Town Office and a copy forwarded to the State Department of Audit.

# TOWN MANAGER'S REPORT

---

To the Board of Selectmen and the Citizens of Corinth:

The following report of the financial details and municipal activities of the fiscal year ending January 31, 1972 is herewith submitted for your information and consideration.

The financial position of the town remains stable. The lower ending cash balance is due to an increase in outstanding taxes and the appropriation from surplus last year was larger than usual.

The mapping program was completed this past year and I'm sure that even though they may not be 100% correct they are a great benefit to the assessors and also to the many people who have had reason to use them.

The 104th Legislature established the State-Municipal Revenue Sharing Program which will go into effect this year. It is designed to stabilize the property tax burden and hopefully can be increased in the years ahead. The monies to be distributed to municipalities are to be based upon 4% of the net collections from the sales, corporate and personal income taxes. Corinth's share for the year 1972-73 is estimated to be \$5,926.00. However, in passing this program the legislature repealed the telephone tax distribution to communities. Our telephone tax in 1971-72 was \$2,814.93 so our net gain from this fund will be around \$3,100.00.

At the present time there is in excess of \$67,000 available in the Abner F. Morison Trust Fund which can be used on

projects for the betterment of the Town. Plans for a new town office building will be presented at the Annual Town Meeting. Plans for the development of the playground are being prepared through the help of the Extension Service, Soil Conservation Service and the State Department of Parks & Recreation. We are going to apply for 50% matching funds through the Federal Land & Water Conservation Fund for the playground project. One of the prerequisites to applying is the establishing of a Recreation Committee which is included in the warrant.

This year we surfaced a good portion of our roads that bother each spring and hopefully we won't have to close them as we have in the past.

The Town has been granted a special State Aid project of \$12,000.00 to straighten the four corners at Hudson Road and East Ridge Road. This is scheduled to be done as one of the first State projects this Spring.

The following part of the report details the financial activities of the past year and the proposed activities for the coming year.

I wish to thank the Town Officers and Citizens of the Town of Corinth for the support and cooperation given me this past year.

Respectfully submitted,

KEITH D. PATTERSON  
Town Manager

## IMPORTANT

---

All taxpayers should read the following requirements and comply with them.

Title 36, Chapter 105, Sect. 706, Revised Statutes of Maine, 1964.

Before making an assessment, the assessors shall give seasonable notice in writing to all persons liable to taxation in the municipality to furnish to the assessors true and perfect lists of their polls and all their estates, not by law exempt from taxation, of which they were possessed on the first day of April of the same year.

The notice to residents may be given by posting notifications in some public place in the municipality or in such other way as the municipality directs.

The notice to non-resident owners may be by mail directed to the last known address of the taxpayer or by any other method that provides reasonable notice to the taxpayer.

If any person after such notice does not furnish such list, he is thereby barred of his right to make application to the assessors or the county commissioners for any abatement of his taxes, unless he furnishes such list with his application and satisfies them that he was unable to furnish it at the time appointed.

The assessors or any of them may require the person furnishing the list to make oath to its truth, which oath any of them may administer, and any of them may require him to answer in writing all proper inquiries as to the nature,

situation and value of his property liable to be taxed in the state; and a refusal or neglect to answer such inquiries and subscribe the same bars an appeal to the county commissioners, but such list and answers shall not be conclusive upon the assessors.

### DOGS REQUIRING LICENSE

Owners or keepers of dogs six months old, must procure a license annually, before Jan. 1st. Any person becoming the owner or keeper of a dog after the first day of Jan., not duly licensed as herein required shall within ten days after he becomes the owner or keeper of said dog, cause said dog to be described and licensed. Make an effort to license your dogs early. Owner must also present a rabies vaccination certificate which has been obtained within two years.

### BUILDING PERMITS

Anyone contemplating construction or the locating of a mobile home in Corinth should get a building permit at the Town Office.

### AUDITOR'S REPORT

A partial Auditor's report for 1970-1971 is in the back of this report and a complete report for 1971-1972 will be on file in the Town Office as soon as received from the Auditor.

## FIRE CHIEF'S REPORT

---

This past year the fire department answered 20 fire calls and 45 ambulance calls. The fire at Edwin Wheelers, where an upstairs apartment was damaged and the fire at Merl Dunham's where a section of the roof and one end was damaged, were our two largest fires.

We need some new 2½" hose. We haven't enough to properly equip the new truck and still have some dry hose in reserve. Some of the hose we now have is over 20 years old, and can't be expected to last much longer. A broken hose at a fire could cause an injury and hinder fire fighting. Your support on this matter will be appreciated. It takes all our annual budget for general maintenance such as gas, lights, heat, phones and insurance. The heat, lights and maintenance of the Legion hall comes from our budget also.

The firemen, with money from the community calendar sales, and our share of the Old Home Day proceeds bought a new fiber glass door and had the yard hot topped. These two items came to nearly a thousand dollars, but certainly improved the appearance of the building.

Again we want to thank all those who drop everything and answer fire and ambulance calls. Want to thank all the businesses for allowing their employees to answer calls. They are reimbursed for lost time, but this doesn't compensate for lost production. This is true of those who are self employed and area farmers. Any volunteer fire department is only as good as the community that supports it. That's why we feel we are one of the best.

I am pleased to report that several members of our first aid squad took part in a 14 hour advanced first aid class sponsored by the Bangor Area hospitals. Last, but not

least I wish to thank all members of the fire department for their support during the year and to those who have kept the fire house yard plowed all winter.

Respectfully submitted,

NORMAN I. BUSWELL, Chief  
Corinth Vol. Fire Dept.

## FIRE WARDEN'S REPORT

---

To the Citizens of Corinth:

This year with the help of my 2 deputy warden's there were issued for burning in Corinth 79 fire permits.

All outside burning must be covered by a burning permit, except when ground is covered by snow. Household debris may be burned from 5:00 P.M. to 12:00 A.M. in an outside approved incinerator.

Incinerator's must be inspected and approved by either Town Fire Warden, Deputy Warden's, Fire Chief or State Forest Warden's.

Respectfully submitted,

DWIGHT W. BRAGDON  
Town Fire Warden

## ANNUAL LIBRARIAN'S REPORT OF THE ATKINS MEMORIAL LIBRARY FOR 1971-72

This last year, at the library, has gone very quickly. Last spring I tried to set an hour at noon to have the grade school children given an opportunity to get to the library, thinking especially of the bus children. Then the lunch hour was shortened, making this impossible to accomplish. The bus runs have been changed so we have lost a few children that were very faithful in coming.

I am very glad to report that recently there has been a new interest shown in getting books and doing reference work. This interest is very gratifying and we hope it continues.

There have been quite a few books donated by interested people and we extend our thanks to them. I might mention that Mrs. Louise Wilson and Mrs. Marion Rowe have been very generous. In our purchasing books we have tried to get ones that will be of great interest to a large number of folks. We have a couple of new books that should prove helpful to gardeners of both small and large gardens.

We are interested in obtaining more information about the early history of our town and if anyone has any we will be delighted to have a copy. Several from the University and a few others are trying to get information about our early history and one professor was kind enough to get us a copy of a thesis on this subject and we have that now.

I wish to thank Sue Hill for being such a faithful help to me, and she surely is my right hand.

Respectfully submitted,

Eleanor C. Duran, Librarian

## PLAYGROUND REPORT

---

The Playground opened June 19 this year and remained open for a six week period. Morning attendance was lower than past years with a daily average of only twenty (20) children, but the afternoon attendance remained fairly constant with a daily average of fifty (50) children. It was a remarkable year for weather, with only an occasional late afternoon shower.

We had many Special Event Days this season, which included a three-mile hike, athletic competition day, and a cook-out. There were also many clean-up days and the children were really eager to make their playground as clean as possible and an asset to the community. It cannot be stressed enough how important the playground is to the children. It not only occupies their time, but also teaches them to share and learn about other children.

There is quite an adequate supply of equipment now, after a seventy (\$70) dollar purchase from town funds and another donation from the American Legion Auxiliary. What is really needed now is bigger equipment such as swings, bars, a merry-go-round, and so on. This may take a few years to gather funds for, but would be a tremendous help toward covering a wider scope of activities for the children.

It should also be mentioned that some repairs were made on the building, but more are still needed to maintain safety for the children and equipment.

A girls softball team was again organized this year with twenty girls (ages 9-17) participating. We had a marvelous time working together at practices, and each girl had the opportunity to play an equal amount of time during each game. We increased our scope of rival teams with the addition of the girls team from Stetson; (we had previously

only played the Kenduskeag girls team). We managed to win only one out of four games, but most games were close and very exciting. I'm sure the summer softball team is a great boost to the spirits and skills of these girls. My thanks to the parents who helped transport the girls to the various towns and the boys who helped umpire the games. We were greatly elated at the gift of money from the now dissolved Saints and Sinners Square Dance Club. When it was active, this group involved many of the youth from this town. The money went toward the purchase of softball equipment and was a tremendous aid, as our older equipment was pretty worn out.

It was a pleasure working with the children again this year and I hope they had as much fun as I.

Donna Mitchell Archer  
Supervisor

## LITTLE LEAGUE REPORT

Summer 1971

Our first practice was held on May 10 with 33 boys reporting. After a few practices, the team was cut to 21 boys.

We were still in the Central Penobscot Youth League with the following towns participating: Bradford, Charleston, Corinna, Corinth, Exeter and Garland.

We played a total of 15 games, winning 12 and losing 3. On June 19, an all-star game was played consisting of 6 boys from each town. Charleston, Corinth, and Bradford played against Garland, Exeter and Corinna, with the Corinth boys showing very well and our side came out victorious, 9-7.

Double elimination was used once again in the championship playoff. We won our first game against Charleston, but the going got rough and Corinna and Exeter eliminated us. Garland went on to win the championship from Exeter. Good sportmanship was shown by all boys and individual trophies were received for their efforts.

Our record was as follows:

### Regular Season

Corinth 16	Charleston 2

It was another interesting and rewarding season for me. Many thanks to the following merchants and individuals for making it possible to purchase 15 new uniforms: Bill Pomeroy, Dennis Batchelder, Bill Perkins, Al Worcester, Beaver Wilson, Kenny Tate, American Legion, Fire Department, Odd Fellows, Yankee Grocer and the Merchants Bank.

A special thank you should go to Mrs. Vera Trafton and those who helped in preparing the supper that made it possible to pay all bills with enough left to take the boys to see the Red Sox and Kansas City baseball game in Boston on August 14.

I also want to thank the parents for the support and the transportation to the games and the one's supplying the transportation to the Red Sox game. Also, many thanks to our League President, Roger Chesley and our umpire, Beaver Wilson, for their help and interest in this program.

Little League represents your town youth and thank you for your support.

# AUDITOR'S REPORT

---

June 25, 1971

To the Board of Selectmen and Inhabitants  
Town of Corinth, Maine

In accordance with your request, we have made an examination of the accounts and records of the Town of Corinth for the year ended January 31, 1971 and of the account balances at that date.

We have reviewed the accounting procedures and, without making a detailed audit, have examined by test and analysis the records and supporting material. Our examination was made in accordance with generally accepted auditing standards and included all procedures considered necessary in the circumstances.

Based upon our examination, we are of the opinion that the accompanying balance sheet and related exhibits and schedules fairly present the financial condition of the Town of Corinth at January 31, 1971 and the results of operations for the year ended that date, in conformity with accepted municipal accounting principles applied on a basis consistent with that of preceeding years.

The complete audit report will be on file at the Town Office and a copy forwarded to the State Department of Audit.

Respectfully submitted,

To vote if the Town will vote to spend the sum of 134,000.00 from the Abbey P. Johnson Trust fund to do a final survey of a sewerage system if the Town does not vote to build a town office

-NOTH-

It has been suggested that if the voters are so inclined they can have both a new town office and also get started on the final survey for a sewerage system

This could be accomplished by voting to build a new town office under Article 4B, taking no action on Article 4B, and then voting on Article 4B

STATE DEPARTMENT

# TOWN MANAGER'S REPORT

---

To the Board of Selectmen and the Citizens of Corinth:

The following report of the financial details and municipal activities of the fiscal year ending December 31, 1972 is herewith submitted for your information and consideration.

The Town's financial condition remains good with no outstanding debts and a fairly substantial cash balance.

We have received our 1972 allotment of the new Federal Revenue Sharing in the amount of \$19,085.00. We have two years in which to spend this and it can be used for most any municipal function except education and matching Federal Funds. The Selectmen have applied to the State Highway Commission to have cost estimates of rebuilding the Bean's Mill Bridge which needs to be rebuilt and the road straightened. Hopefully, this Federal Revenue Sharing allotment would take care of our share of the cost.

We were sorry that we couldn't get started on the playground last summer. But, by the time the plans and cost estimates were ready it was too late to start. The cost estimates are included in this report for the project. There are articles in the warrant to authorize the selectmen to apply for federal assistance and appropriate \$4,000.00 to complete our share of the \$23,000 project.

Our new Town Office Building is very nearly completed and we can tell you that it is a very pleasant office to work in. We've had many compliments and many inquiries as to how a town of our size could afford such a fine building. All I can say is thanks to Mr. Morison.

There are articles included to use money from the Abner

F. Morison Trust Fund to purchase a new fire truck and a new ambulance. Both of these vehicles are very much needed and we are lucky to be able to have them without having to appropriate tax money.

The following part of the report details the financial activities of the past year and the proposed activities for the coming year.

I wish to thank the Town Officers and Citizens of the Town of Corinth for the support and cooperation given me this past year.

Respectively submitted,

KEITH D. PATTERSON  
Town Manager

# IMPORTANT

---

All taxpayers should read the following requirements and comply with them.

Title 36, Chapter 105, Sect. 706, Revised Statutes of Maine, 1964.

Before making an assessment, the assessors shall give seasonable notice in writing to all persons liable to taxation in the municipality to furnish to the assessors true and perfect lists of their polls and all their estates, not by law exempt from taxation, of which they were possessed on the first day of April of the same year.

The notice to residents may be given by posting notification in some public place in the municipality or in such other way as the municipality directs.

The notice to non-resident owners may be by mail directed to the last known address of the taxpayer or by any other method that provides reasonable notice to the taxpayer.

If any person after such notice does not furnish such list, he is thereby barred of his right to make application to the assessors or the county commissioners for any abatement of his taxes, unless he furnishes such list with his application and satisfies them that he was unable to furnish it at the time appointed.

The assessors or any of them may require the person furnishing the list to make oath to its truth, which oath any of them may administer, and any of them may require him to answer in writing all proper inquiries as to the nature,

situation and value of his property liable to be taxed in the state; and a refusal or neglect to answer such inquiries and subscribe the same bars an appeal to the county commissioners, but such list and answers shall not be conclusive upon the assessors.

### DOGS REQUIRING LICENSE

Owners or keepers of dogs six months old, must procure a license annually, before Jan. 1st. Any person becoming the owner or keeper of a dog after the first day of Jan., not duly licensed as herein required shall within ten days after he becomes the owner or keeper of said dog, cause said dog to be described and licensed. Make an effort to license your dogs early. Owner must also present a rabies vaccination certificate which has been obtained within two years.

### BUILDING PERMITS

Anyone contemplating construction or the locating of a mobile home in Corinth should get a building permit from the building inspector.

### AUDITOR'S REPORT

A partial Auditor's report for 1971-72 is in the back of this report and a complete report for 1972-73 will be on file in the Town Office as soon as received from the Auditor.

## FIRE CHIEF'S REPORT

This past year has been most gratifying for the fire department. Our fire loss this past year has been the lowest in years. We are certainly pleased by this, and hope the trend can continue. This past year, from Feb. 14, 1972 to Feb. 14, 1973 we have answered 32 fire calls and 33 ambulance calls.

The grass fire season continues to be a problem. If all burning of trash, leaves and debris, were done in an approved incenerator or during a damp and rainy day, it would be most helpful. Every spring we receive numerous requests to burn grass. Its nearly impossible for us to do so because of the time involved and because we are usually kept busy fighting fires that seem to occur at this time of year.

We are pleased to announce that the Firemen's Benefit Association has purchased three new two-way radios on C-B band. We have a base station, one in the big truck and one in the utility truck. This allows us to talk from truck to truck, truck to station and station to trucks. They have been very useful to date. These radios were purchased with the proceeds from our community calendar sales.

Just like everyone else, the fire department has problems. We have a serious one in that the water tank on our Ford truck has rusted through and will no longer hold water. Its dubious whether or not this tank can be repaired. This unit is 23 years old and has served us well, but we should consider replacing it. Hopefully, we will be able to have some facts and figures at town meeting time, or a unit to replace this one. Won't you please give this matter careful consideration. The way our town has been growing these past years with the new homes and all, we certainly need two good pieces of equipment.

As most of you probably know since 1970 all ambulance

service and attendants must be licensed by the State Department of Health and Welfare. They dictate the amount of training we must have and what equipment we must carry. Its becoming difficult to get trained people to answer calls during work day hours. If this service is to continue we need your cooperation and support. We need to look to replacing our 15 year old ambulance. the up keep is becoming costly and the Health and Welfare Department issues our license with some reservations.

The fire department is very pleased to announce that we have been named a beneficiary in the Will of the late Elsie Junkins of Corinth. This money is to be placed in a trust fund, the interest to be used to help the fire department in any way.

Again this year, I've enjoyed full cooperation of all members of the department. Would like to see a little more interest by the younger generation. With so many things to do in this day and age, its difficult to hold interest in most public services. The duties of the fire chief have increased every year, and especially since he has the ambulance service as an added task. Not only does he have to check the building every day during cold weather to check on the furnace, he must be sure all units are ready to roll, all tires up, batteries are charged. he is responsible for training, equipment inventory, for reports of fires to insurance companies, reports to Augusta, planning for disasters such as plane crashes or large explosions as dictated by State and County governments. No matter who is elected chief for the ensuing year, I feel that a raise in pay is justified.

Respectfully submitted,

NORMAN I. BUSWELL, Chief

Corinth Volunteer Fire Dept.

# **FIRE WARDEN'S REPORT**

To the Citizens of Corinth:

There were a few instances of burning without a permit this past year.

In the future, anyone burning without a permit (with no snow cover on ground) will justify a court summons.

There were 81 fire permits issued this year and 6 incinerator inspections made.

I wish to thank Mr. Irvin Caverly for his help and assistance during his employment in Corinth as District Warden Supervisor and wish both Irvin and Mrs. Caverly the very best in their retirement.

Respectfully submitted,

DWIGHT W. BRAGDON

Town Fire Warden

### **ANNUAL LIBRARIAN'S REPORT OF THE ATKINS MEMORIAL LIBRARY FOR 1972**

During the year I was able to obtain a little more information about the early history of Corinth from a book in the Maine State Library. I have a copy of this available for the public to take out.

The library has an inventory of 6,834 volumes and had a circulation of 2,500 for the year.

Some of our teachers have used the library as a field trip for their classes and the children have had a chance to get acquainted with the history of the library, which is available for their use, and some of the background activity in the library. These trips were held at times other than regular hours that the library is open so it did not interfere with the public and they had my undivided attention.

If article 31 in the town warrant is accepted, the library will be open an extra two hours from 1:00 P.M. to 7:00 P.M.

Respectfully submitted,

ELEANOR C. DURAN,  
Librarian

## **PLANNING BOARD**

The Planning Board has met several times during the past year.

The past several meetings have been devoted almost exclusively to completion of our comprehensive plan for the town. This is nearing completion and should soon be ready for public hearing. We have been greatly assisted in this plan by Mr. Talbot Averill of the Penobscot Valley Regional Planning Commission and wish to thank him at this time, for all the work he has so ably done.

Much discussion has also been devoted to subdivision, shoreland zoning and zoning ordinances for the town.

Respectfully submitted,  
DELBERT WINGATE,  
SECRETARY

# PLAYGROUND REPORT

The playground opened June 26 this year and remained open for seven weeks. The average daily attendance was about 40 children. This having been an unusually wet summer, we were fortunate in only closing the playground for three days because of rain.

The children enjoyed another summer of fun. A baseball or kickball game was organized nearly every day with 10-20 participating. We had a drawing contest, made pictures from pieces of yarn. Another day the playground children went to the home of Beryl Boone where refreshments were served.

A softball team for girls ages 9-17 was organized this year. Seventeen girls participated. Each one played during every practice and game. Due to the fact that other surrounding towns were unable to organize teams, we played only two games with Stetson, in which we were victorious. A great deal of sportsmanship was shown.

There were a lot of new faces this year. Everyone learned the basic rules and plays of the game. They enjoyed themselves while doing so.

We went to the high school pines on our annual hobo-hike with 19 children participating. Prizes were given to the best dressed. We ate our lunch and had a scavenger hunt with two teams racing in opposite directions to find the hidden treasure, consisting of candy which was divided equally among everyone.

There is an adequate supply of equipment now, after having purchased new games and toys. What is really needed is larger equipment such as swings and a merry-go-round. These would be a great asset to the

playground and would help cover a larger range of activities.

Repairs are badly needed on the equipment building. As of now, the safety of the children and equipment are in danger.

The closing day of the playground was set aside for various events such as ball throwing, high-jumping, and broad jumping, which were followed by tournaments in chinese checkers, chess, and checkers.

It has been a pleasure working with the children this year and I would like to thank all persons who helped in special activities, to make the summer a success.

Respectfully submitted,

DIANNE MITCHELL,

Playground Supervisor

# LITTLE LEAGUE REPORT

Summer 1972

Our first practice was held on May 15 with 42 boys reporting. After a few practices, the team was cut to 21 boys. Before the first game, two players were injured and unable to play for the season. Farm teams were formed by the Jaycees which gave the remaining boys an opportunity to play.

We were still in the Central Penobscot Youth League with the following towns participating: Bradford, Corinna, Exeter, Corinth, Glenburn, Garland and Kenduskeag. Charleston dropped out and Glenburn and Kenduskeag joined the league.

We played a total of 12 games, winning 7, tying 1 and losing 4. An All-Star game was held at Glenburn with 6 boys from each town participating. Bradford, Glenburn and Corinth played Kenduskeag, Exeter, Corinna and Garland. All boys played hard and very well with our side coming out with the win after 10 innings, 11-10.

Double elimination was used in the championship playoff. We won our first two and then fell in defeat in the next two. Bradford won the championship from Corinna in the final game. All boys received trophies for their efforts.

# AUDITOR'S REPORT

May 8, 1972

To the Board of Selectmen and Inhabitants  
Town of Corinth, Maine

In accordance with your request, we have made an examination of the accounts and records of the Town of Corinth for the year ended January 31, 1972 and of the account balances at that date.

We have reviewed the accounting procedures and, without making a detailed audit, have examined by test and analysis the records and supporting material. Our examination was made in accordance with generally accepted auditing standards and included all procedures considered necessary in the circumstances.

Based upon our examination, we are of the opinion that the accompanying balance sheet and related exhibits and schedules fairly present the financial condition of the Town of Corinth at January 31, 1972 and the results of operations for the year ended that date, in conformity with accepted municipal accounting principles applied on a basis consistent with that of preceeding years.

The complete audit report will be on file at the Town Office and a copy forwarded to the State Department of Audit.

Respectfully submitted,

GARDNER & BRIGGS

Gerald F. Gardner  
Public Accountant

to interfere to the point where common sense and good judgment escape.

The most important thing to keep in mind is that you are somebody and your opinion does matter. The individual who is able to participate in his government but for one reason or another chooses not to should have little cause for dissension later.

At this time in life when we are faced with many problems ranging from relatively simple natures to those of extremely complex natures, we must not hesitate to "stand up and be counted." Let us make our local government the starting place by attending our town meetings and taking an active part -- in other words, let us show our concern and GET OUT AND VOTE!

# **TOWN MANAGER'S REPORT**

---

To the Board of Selectmen and the Citizens of Corinth:

This report details the financial and municipal activities of the fiscal year ending December 31, 1973 and is herewith submitted for your information and consideration.

As the year ended the Town's financial condition remained good. Last year we did not have to borrow money in anticipation of taxes.

One aspect of last year's operation that was disappointing is our playground project. We got approval in mid summer and put the Tennis and basketball courts over to bid in August and received no bids, although several sets of plans were taken out. One firm did agree to figure the project. We had an estimate of \$12,800 for the courts and they came back with a bid of \$30,325 and \$10,573 for toilet building which was estimated at \$3400. We, of course, rejected this and secured another proposal in the fall, and this company's figures were over \$30,000 for the courts and \$10,000 for the toilet building.

It looks like our only hope is to proceed in the spring on our own, leaving out items that are not essential and hope that we can stay within the allotted money.

We received our new ambulance during the year and at this writing the new fire truck has been shipped. With these new units we now have one of the best equipped Volunteer Fire Departments around.

There are articles included for expenditures from the

Abner F. Morison Trust Fund and the Federal Revenue Sharing Fund which warrant your consideration.

I wish to thank the Town Officers, Committee Members and Citizens of the Town of Corinth for their cooperation and support during the past year.

Respectfully submitted,

KEITH D. PATTERSON

Town Manager

## **IMPORTANT**

All taxpayers should read the following requirements and comply with them.

Title 36, Chapter 105, Sect. 706, Revised Statutes of Maine, 1964.

Before making an assessment, the assessors shall give seasonable notice in writing to all persons liable to taxation in the municipality to furnish to the assessors true and perfect lists of their polls and all their estates, not by law exempt from taxation, of which they were possessed on the first day of April of the same year.

The notice to residents may be given by posting notification in some public place in the municipality or in such other way as the municipality directs.

The notice to non-resident owners may be by mail directed to the last known address of the taxpayer or by any other method that provides reasonable notice to the taxpayer.

If any person after such notice does not furnish such list, he is thereby bared of his right to make application to the assessors or the county commissioners for any abatement of his taxes, unless he furnishes such list with his application and satisfies them that he was unable to furnish it at the time appointed.

The assessors or any of them may require the person furnishing the list to make oath to its truth, which oath any of them may administer, and any of them may require him to answer in writing all proper inquiries as to the nature, situation and value of his property liable to be taxed in the state; and a refusal or neglect to answer such inquiries and subscribe the same bars an appeal to the county

commissioners, but such list and answers shall not be conclusive upon the assessors.

### **DOGS REQUIRING LICENSE**

Owners or keepers of dogs six months old, must procure a license annually, before Jan. 1st. Any person becoming the owner or keeper of a dog after the first day of Jan., not duly licensed as herein required shall within ten days after he becomes the owner or keeper of said dog, cause said dog to be described and licensed. Make an effort to license your dogs early. Owner must also present a rabies vaccination certificate which has been obtained within two years.

### **BUILDING PERMITS**

Anyone contemplating construction or the locating of a mobile home in Corinth should get a building permit from the building inspector.

### **AUDITOR'S REPORT**

A partial Auditor's report for 1972 is in the back of this report and a complete report for 1973 will be on file in the Town Office as soon as received from the Auditor.

### **RABIES CLINIC**

April 6, 1974 — 2:00 - 4:00 P.M. at the Corinth Town Hall.

## **FIRE CHIEF'S REPORT**

This past year has been most unusual to say the least. On one side we have received a new ambulance and our new fire truck should be here on Feb. 16, 1974. Both were really needed, and greatly appreciated by all.

On the other side, we lost three different sets of buildings. This doesn't do much for our image. On March 20, 1973 the Loomis Dumond family lost their home and all belongings. No one was home at the time and when discovered, it was engulfed in flames. Then on July 12th the Charles Marshall family were driven from their home in the early morning hours, barely escaping from a fire that completely destroyed their home and all possessions. Then on Dec. 20th the farm buildings owned by John McLaughlin and being rented by Mr. & Mrs. Randy Mraz, was leveled by flames. Everyone worked hard, but to no avail. The flames had a head start before being discovered. We were able to do a good job at Toziers apartments when a clothes dryer caught fire. The only damage here was smoke.

Our department gave the Charleston Department a hand on Frank Everetts fire this spring. The combined efforts saved his home and tool shed. Also, at Robert Weymouths both departments worked to save his barns and the down stairs section of his home. This proves what a help our mutual aid agreement between towns can be to a town in need of more help.

From Feb. 1, 1973 to Feb. 6, 1974 we answered 76 ambulance calls and 24 fire calls. The fire calls were — three house fires, one car fire, one tractor fire, several chimney fires and several grass fires.

We all should thank the following for letting their crews

answer fire and ambulance calls. This is where our help has to come from — Page Lumber, Blackwell Lumber, Geo. B. Dow & Son, Blackwell Insurance Agency, Ronald Latourette, Dwight McLaughlin, Sterling Wilson, Merl Dunham and others who I may have missed. These people are reimbursed for the actual time their employees are gone, but it sure raises heck with their production.

Again, I want to personally thank all those folks who put in their time and energy to receive the training necessary to become licensed ambulance attendants. Its only because of these people that we are able to continue with the ambulance service that we have become used to and need. The Department of Health and Welfare continues to demand more and more training and equipment.

The energy crisis has entered into the picture. We have been assured of gas for our trucks and ambulance. But our firemen have to travel with their own cars to and from fires and other emergencies. This may be a problem later.

With money from our calendar sales, the firemen insulated the rear wall of the fire station. We believe that if we lowered the ceiling several feet that we could save quite a bit on our fuel bill. Believe there will be an article to do this in the town report.

Finally, I want to thank all our firemen, its been a pleasure to receive their help and support. All the equipment in the station is only as good as the men who make it work.

Respectfully submitted,

NORMAN I. BUSWELL, Chief

Corinth Volunteer Fire Dept.

## **FIRE WARDEN'S REPORT**

To the Citizens of Corinth:

With our strict regulations on outside burning, it is a must for Corinth Area Citizen's to ask for and have in their possession at time of burning a fire permit from Town Warden or Deputy Fire Warden's.

Also have your incinerator checked to see if they will pass regulations and are safe to use.

There is no charge for either of these services and it will help both yourself, our Fire Dept. and also the State Forest Service.

Issued 85 fire permits this past year.

Respectfully submitted,

DWIGHT W. BRAGDON

Town Fire Warden

# **ATKINS MEMORIAL LIBRARY**

## **ANNUAL LIBRARIAN'S REPORT OF THE ATKINS MEMORIAL LIBRARY FOR 1973**

Due to the energy crisis our library had to shorten the time by one half hour. As soon as this crisis is over we will go back to the usual hours.

We have had a good circulation of books but do wish more folks would take advantage of the books available.

This library has joined the Northeastern Maine District, which is part of the Regional Library System. We now have free access to Bangor Library for our patrons and they are as near as the telephone as there is to be a Watts line for me to call if you wish material and are not going to be in Bangor.

If Bangor does not have what is desired I can call toll-free to Augusta State Library for what is desired and if need be the Bangor Library may have to locate the material from somewhere else in the state for us. This gives us much more material at our disposal.

Your librarian has also been invited (and she has accepted) to serve on the executive board for the Small Libraries Ass'n. This is a new group that is now being formed and will help the small libraries to be stronger in any forthcoming legislation and policies.

Respectfully submitted,

ELEANOR C. DURAN

Librarian

## PLAYGROUND REPORT

The playground was opened for four weeks during July, and two weeks during August this year. The average daily attendance was about 35 Children, though one afternoon there was nearly 60 children. This having been a remarkable year for weather, the playground closed only for 1½ days due to rain.

The children participated in many games but seemed to enjoy playing baseball and kickball the most. They showed a considerable amount of good sportsmanship again this year.

A girls' softball team, for ages 9-17, was organized again this year. Each girl participated during every practice, and everyone had the opportunity to play an equal amount of time during each game. Every one learned the basic rules and plays of the game, and enjoyed themselves while doing so.

Due to the fact that other surrounding communities were unable to organize teams this year, we played only one game with Kenduskeag and two games with the East Corinth Women's Softball Team. We were victorious in two out of the three games.

We went to the gravel pit this year on our annual hobo-hike with 15 children participating. Prizes were given to the best dressed. We had a picnic, then made dug-out houses in the sand.

A tournament in chess and checkers, and a jump rope contest took place the last week the playground was opened. Many children participated in these activities and the winners received a prize.

The closing day of the playground was set aside for various events such as ball throwing, high-jumping, broad-jumping,

wheelbarrow races, and three-legged races. There was a high attendance in these events, and I'm sure that it can be said that everyone had an enjoyable afternoon.

Now that plans have been drawn up to make tennis and basketball courts, and most of the new equipment has arrived such as the bicycle racks, a slide, and some swings, I hope that the area will be completed by next summer. This will be a tremendous help toward covering a wider scope of activities for the children.

It was a pleasure working with the children again this year, and I would like to thank all persons who helped in special activities, to make the summer a success.

Respectfully submitted,

DIANNE MITCHELL

Playground Supervisor

# **LITTLE LEAGUE REPORT**

## **SUMMER — 1973**

Our first practice was held on May 8 with 39 boys reporting. Once again, after a few practices, the team was made up of 20 boys. The remaining boys were used to help organize a farm team, which works very well with the summer program.

The league was once again made up of the following towns: Charleston, Exeter, Bradford, Corinna, Garland, Kenduskeag, Corinth and Glenburn. The league season started on May 15 with each team playing a total of 14 games, which were played on each Tuesday and Thursday of the week. Each year an All-star Game is played with 5 boys from each team. The teams were divided with Bradford, Charleston, Corinth and Glenburn playing against Garland, Corinna, Kenduskeag and Exeter. After having completed a very successful season with fourteen wins and no loses, the championship playoffs started on July 7 with double elimination being used to determine the champion. The boys played very well and hard but were only able to receive the runner-up trophy as Corinna defeated us twice for the championship. All boys on the teams were awarded trophies for their teamwork and effort.

An outing was held for the Corinth team at Kenny Peaks Park at Sebec where all boys enjoyed an afternoon of swimming and fun with hot dogs served for lunch.

I would like to thank those that supported our team and especially those that furnished transportation to the away games. I would especially like to thank Ruth Harvey, Wilbert and Pearl Campbell and Beverly Tate for the transportation for the boys and the work involved in arranging the outing at Sebec.

# AUDITOR'S REPORT

April 27, 1973

To The Board of Selectmen and Inhabitants  
Town of Corinth, Maine

In accordance with your request, we have made an examination of the accounts and records of the Town of Corinth for the year ended December 31, 1972 and of the account balances at that date.

We have reviewed the accounting procedures and, without making a detailed audit, have examined by test and analysis the records and supporting material. Our examination was made in accordance with generally accepted auditing standards and included all procedures considered necessary in the circumstances.

Based upon our examination, we are of the opinion that the accompanying balance sheet and related exhibits and schedules fairly present the financial condition of the Town of Corinth at December 31, 1972 and the results of operations for the year ended that date, in conformity with accepted municipal accounting principles applied on a basis consistent with that of preceeding years.

The complete audit report will be on file at the Town Office and a copy forwarded to the State Department of Audit.

Respectfully submitted,

# **TOWN MANAGER'S REPORT**

To the Board of Selectmen and Citizens of Corinth:

This report details the financial details and municipal activities of the fiscal year ending December 31, 1974 and is herewith submitted to you for your information and consideration.

At years end the Town's cash balance was considerable lower than previous years due to an Account Receivable on the playground project in the amount of \$12,600.00 and also due to the economic situation which was responsible for a higher percentage of uncollected taxes.

The basketball and tennis courts should be ready for use this summer and the rest of the playground field including a second ball diamond can be completed if the article for additional funds is accepted.

With the use of Federal Revenue Sharing funds much needed work was done on the roads and additional funds are requested from Revenue Sharing this year to continue upgrading our dirt roads.

With the use of funds the Federal Government under the Comprehensive Employment Training Act the Assessors are updating the assessment records so that the Town will have a complete inventory of property and a more equal assessment.

The Bean's Mill Bridge project has been awarded to Farrin Brother and Smith, a good firm who have done work in the area. This is a project that is greatly needed.

The Planning Board with the help of Mr. Talbot Averill, Planning Director have been working to

complete the Comprehensive Plan and hopefully it will be ready to present at Town Meeting.

I wish to thank the Town Officers, Committee Members and Citizens of the Town of Corinth for their support and cooperation.

Respectfully submitted,

Keith D. Patterson  
Town Manager

# IMPORTANT

---

All taxpayers should read the following requirements and comply with them.

Title 36, Chapter 105, Sect. 706, Revised Statutes of Maine, 1964.

Before making an assessment, the assessors shall give seasonable notice in writing to all persons liable to taxation in the municipality to furnish to the assessors true and perfect lists of their polls and all their estates, not by law exempt from taxation, of which they were possessed on the first day of April of the same year.

The notice to residents may be given by posting notification in some public place in the municipality or in such other way as the municipality directs.

The notice to non-resident owners may be by mail directed to the last known address of the taxpayer or by any other method that provides reasonable notice to the taxpayer.

If any person after such notice does not furnish such list, he is thereby bared of his right to make application to the assessors or the county commissioners for any abatement of his taxes, unless he furnishes such list with his application and satisfies them that he was unable to furnish it at the time appointed.

The assessors or any of them may require the person furnishing the list to make oath to its truth, which oath any of them may administer, and any of them may require him to answer in writing all proper inquiries as to the nature, situation and value of his property liable

to be taxed in the state; and a refusal or neglect to answer such inquiries and subscribe the same bars an appeal to the county commissioners, but such list and answers shall not be conclusive upon the assessors.

### **DOGS REQUIRING LICENSE**

Owners or keepers of dogs six months old, must procure a license annually, before Jan. 1st. Any person becoming the owner or keeper of a dog after the first day of Jan., not duly licensed as herein required shall within ten days after he becomes the owner or keeper of said dog, cause said dog to be described and licensed. Make an effort to license your dogs early. Owner must also present a rabies vaccination certificate which has been obtained within two years.

### **BUILDING PERMITS**

Anyone contemplating construction or the locating of a mobile home in Corinth should get a building permit from the building inspector.

### **AUDITOR'S REPORT**

A partial Auditor's report for 1973 is in the back of this report and a complete report for 1974 will be on file in the Town Office as soon as received from the Auditor.

### **RABIES CLINIC**

April 5, 1975 — 1:30 - 3:00 P.M. at the Corinth Town Hall.

# **FIRE CHIEF'S**

## **REPORT**

This past year we have answered 35 fire calls, also had one lost hunter call and rescued a small boy from a tree. We had 6 chimney fires, 9 building fires, 2 mobile homes, 9 grass fires, 3 dump fires, 3 flooded burners, 1 truck and 2 car fires. Also cleaned some chimneys, made inspections and recharged quite a few fire extinguishers.

Due to an increase in our operating expenses, it is necessary to increase our budget. Prices have doubled or more on many of the things we have to have. It is necessary to replace some older hose and to increase our inventory of hose and nozzels.

The ceiling in the station has been lowered better than four feet. This should help on the heat bill and it certainly makes the building more attractive. We have started to paint the inside of the building and hope to have it completed by spring.

We held a pump class this summer which was well attended. Dwight McLaughlin and I also attended a six week class on fire department operations.

Would like to thank the Town Officials for their cooperation this past year and certainly want to thank all the members of the department for their help and support.

Respectfully submitted,

NORMAN I. BUSWELL  
Chief, Corinth Vol. Fire Dept.

# **AMBULANCE DIRECTOR'S**

## **REPORT**

This past year we answered 62 calls. About 95% of these calls were to take the sick and elderly to a hospital. The other 5% were for accidents of one kind or another.

We feel it's necessary to increase our budget this year. The insurance for this type of service is costly and takes up most of our budget. All first aid supplies have increased in price also, as well as gas and oil.

We have just received word from Augusta that after this year, all ambulance attendants must have more training and before 1981 all attendants must have completed the E.M.T.A. course (Emergency Medical Technician-Ambulance). This is an 81 hour class held at a vocational school. The cost per pupil is \$75.00. Before taking this class you must also have taken the 26 hour standard and advanced Red Cross course. This will make it very difficult to get attendants. This matter will certainly want to be looked into before long.

Respectfully submitted,

NORMAN I. BUSWELL  
Director, Corinth Ambulance Service

# **FIRE WARDEN'S REPORT**

To Citizen's of Corinth:

Thanks to each and all citizen's for your cooperation in obtaining burning permits, and for good management and control of your fires while burning grass, leaves, etc.

This makes the Firemen's job much easier. Attended Warden's meeting at Lincoln, Maine. Issued 128 Fire Permits.

Respectfully submitted,

DWIGHT W. BRAGDON

Town Fire Warden

# **ATKINS MEMORIAL LIBRARY REPORT**

## **ANNUAL LIBRARIAN'S REPORT OF THE ATKINS MEMORIAL LIBRARY FOR 1974**

I am very pleased to report that the library has been used much more this past year. After school started in the fall I went to the principal of the grade school and expressed a desire for a program to be set up to give the children an opportunity to come to the library during school hours so the bus children could have a chance to make use of our books. This program is working very well.

Mr. and Mrs. Wingate gave the library a nice set of American Encyclopedia and we have purchased a 1975 edition of World Book. It is now possible to let out encyclopedias for resource work.

We have had many inquiries about resource materials and if it is not located on our shelves then I appeal to the Bangor Library or the State Library.

Due to the ever increasing cost of books and the purchase of the World Book I have not been able to add to the inventory as much as I would like.

Respectfully submitted,

Eleanor C. Duran, Librarian

## PLAYGROUND REPORT

The playground closed August 16, after being open for six weeks. The average daily attendance was about 35 children, though one morning there was nearly 50 children.

One afternoon 32 children assembled to go on the annual hobo hike. They were dressed in costumes and each carried a lunch. Prizes were awarded to the three best costumes. The afternoon activities included a scavenger hunt, picnic lunch, and games. Cheryl Buswell assisted in supervising the children.

A drawing contest and tournaments in checkers, chess, jump rope, and tetherball were also held. Many children participated, those winning receiving prizes.

Crafts promoting nutrition, yarn crafts, and newspaper crafts also took place.

One afternoon a bubble gum blowing contest was held. Prizes were given to the first person to blow a bubble, and to the person blowing the largest bubble.

A softball team for girls ages 9-16 was organized again this year. The girls did a fine job and showed excellent sportsmanship. We played against such teams as Kenduskeag, Exeter, Bradford, and a team made up of some local women.

The closing day of the playground was set aside for various events such as a softball throw, baseball throw, high jump, broad jump, 3 legged race, and wheel barrel race. Many children competed against each other in these activities. Prizes were awarded.

I feel that the playground has really expanded this year and is now providing a larger range of activities for the children. Swings, tetherball, and teeters have been set up, and hopefully the basketball and tennis courts will be completed by next summer. There is also an adequate supply of equipment now, after having purchased new games and toys.

What is really needed is a new storage building. Not only to protect the equipment which is now available, but more important is the need to assure the safety of the children.

It has been a pleasure working with the children again this year, and I would like to thank all persons who helped in activities, to make the summer a real success.

Respectfully submitted,

DIANNE MITCHELL

Playground Supervisor

## **PLAYGROUND ADVISORY**

### **COMMITTEE**

During the year 1974 substantial progress was made in developing the playground. The tennis and basketball courts are nearing completion to the point where they will be completed by June 15, 1975. Half of the area was fenced, the pond area and area in back of the Town Office was filled in and playground equipment was purchased and erected. However, as we look forward to 1975, we would like to see the following projects that have been started completed.

1. Fill, grade, loam and seed #2 ball field and area to left of tennis courts.
2. Finish survey work on back line.
3. Finish fencing playground.
4. Finish lighting tennis and basketball courts.
5. Erect storage and toilet building.
6. Loam and seed around tennis and basketball courts.
7. Purchase and erect two backstops for baseball fields.

We as a committee urge most strongly that the townspeople vote **yes** on the article in the warrant concerning this matter, so that the project can be finished and enjoyed by all. We also welcome any

suggestions from the townspeople, as to projects that would be beneficial to the playground in the future.

# **REPORT OF LOCAL PLUMBING INSPECTOR**

## **East Corinth**

First, whoever plans on buying a lot for a new home or installing a Septic Tank must have land inspected by a Registered Professional Engineer who desires and plans to perform Soil Evaluation for purpose of Waste Water disposal by Sub-Surface Absorption, and he, will design the type of system needed.

Then you will take his plan to the Local Plumbing Inspector before any work is started, pay fee and obtain the permit if it complies with Code of Maine Health and Welfare.

After you have the Plumbing completed and ready for use you must call the Local Plumbing Inspector for inspection before covering in and at least twenty four hours before you wish inspection.

This year has been very busy and most people have been very cooperative.

The number of permits issued for Septic Tank Tustems along is forty-seven. The number of permits issued for complete systems most all new houses is eighteen. The number of permits issued for hot water tanks was one.

Respectfully submitted,

EARLE NOYES

Plumbing Inspector

## **SOUTHERN PENOBSCOT VOCATIONAL PROGRAMS**

It is the philosophy of the region that vocational education should enable the student to obtain skills necessary for entry-level employment. These skills should be obtained either through attending programs offered at a regional center facility, through participation in a cooperative education training program or by contracting with existing facilities for their services.

In the original plan to extend vocational education to all secondary students in Maine, it was indicated that existing educational and other local facilities would be kept to a minimum and cooperative education programs would be implemented to the extent that suitable work stations became available.

Region No. 4 will maintain the existing cooperative education programs at Old Town High School,\*change the disadvantaged programs at Orono High School, Central High of East Corinth, Hampden and Brewer into cooperative education programs and start up co-op programs at Bangor and Hermon high schools, so that all seven public high schools in the region will offer a cooperative education program. The industrial survey, conducted in the summer of 1974, shows overwhelmingly that there is a definite need for diversified vocational education in this region.

Cooperative education is a program in which there is an agreement between the student, parent, school and the employer, allowing the student to train on the job in a chosen occupational field on a part-time basis while attending school.

The cooperative education program expands the curriculum of the regional vocational programs in instances where necessary facilities are neither

available nor financially feasible. When a student desires training in a rare or diminishing skill or occupation, cooperative education can generally fill the need in this area.

In addition to these programs it has been indicated by both the industrial and student surveys that it is feasible to initiate programs in meat cutting, food services and health or human services.

The board will contract with the University of Maine for a food services program, the education department of the Eastern Maine Medical Center for an allied health program and the Veazie Meat Cutting School for the meat cutting program.

The purpose of the food services program is to prepare individuals for entry-level employment in food services: restaurants, nursing homes, hospitals, hotels, child care facilities, schools and many other businesses where food is prepared and served.

The purpose of the allied health program is to prepare individuals for entry-level employment in health services such as nursing aide, dietary aide, ward clerk, etc.

The purpose of the meat cutting program is to prepare individuals for entry-level employment in meat cutting with meat processors, grocery store meat departments, restaurants and hotels.

The board is also conducting a preliminary study into the feasibility of renovating an existing building for the purpose of establishing a facility in which to conduct future programs.

Some possible future programs are mechanics, building construction, plumbing and heating, air conditioning and refrigeration, electricity, retail merchandising, machinists, data processing, industrial maintenance, wood harvesting, graphic arts, building maintenance, auto body, electronic accounting and drafting.

# **FLOOD INSURANCE RESOLUTION**

WHEREAS, certain areas of Corinth are subject to periodic flooding from streams, etc., causing serious damages to properties within these areas; and

WHEREAS, relief is available in the form of Federally subsidized flood insurance as authorized by the National Flood Insurance Act of 1968; and

WHEREAS, it is the intent of this Town Meeting to require the recognition and evaluation of flood hazards in all official actions relating to land use in the flood plain areas having special flood hazards; and

WHEREAS, this body has the legal authority to adopt land use and control measures to reduce future losses pursuant to MRSA Title 30, Sections 1917, 2151, 4956 and 4962.

NOW THEREFORE, BE IT RESOLVED, That this Town Meeting hereby:

1. Assures the Federal Insurance Administration that it will enact as necessary, and maintain in force for those areas having flood hazards, adequate land use and control measures with effective enforcement provisions consistent with the Criteria set forth in Section 1910 of the National Flood Insurance Program Regulations; and

2. Vests the Planning Board with the responsibility, authority, and

- (a) Delineate or assist the Administrator, at his request, in delineating the limits of the areas having

special flood hazards on available local maps of sufficient scale to identify the location of building sites.

(b) Provide such information as the Administrator may request concerning present uses and occupancy of the flood plain

(c) Cooperate with Federal, State, and Local agencies and private firms which undertake to study, survey, map, and identify flood plain areas, and cooperate with neighboring communities with respect to management of adjoining flood plain areas in order to prevent aggravation of existing hazards.

(d) Submit on the anniversary date of the community's initial eligibility an annual report to the Administrator on the progress made during the past year within the community in the development and implementation of flood plain management measures.

3. Appoints the Town Clerk to maintain for public inspection and to furnish upon request a record of elevations (in relation to mean sea level) of the lowest floor (including basement) of all new or substantially improved structures located in the special flood hazards areas. If the lowest floor is below grade on one or more sides, the elevation of the floor immediately above must also be recorded.

4. Agrees to take such other official action as may be reasonably necessary to carry out the objectives of the program.

# AUDITOR'S REPORT

July 29, 1974

To The Board of Selectmen and Inhabitants  
Town of Corinth, Maine

In accordance with your request, we have made an examination of the accounts and records of the Town of Corinth for the year ended December 31, 1973 and of the account balances at that date.

We have reviewed the accounting procedures and, without making a detailed audit, have examined by test and analysis the records and supporting material. Our examination was made in accordance with generally accepted auditing standards and included all procedures considered necessary in the circumstances. In up-dating trust fund accounts, information is reported as entered on town records. We did not review the Abner Morison Trust accounts nor were the balances confirmed to us.

Based upon our examination, subject to related comments, we are of the opinion that the accompanying balance sheet and related exhibits and schedules fairly present the financial condition of the Town of Corinth at December 31, 1973 and the results of operations for the year ended that date, in conformity with accepted municipal accounting principles applied on a basis consistent with that of preceeding years.

A copy of the audit report will be forwarded to the State Department of Audit.

Respectfully submitted,  
GARDNER & BRIGGS  
Gerald F. Gardner  
Public Accountant
